

SAINT VINCENT DE PAUL PARISH SCHOOL

# 2022-2023 Annual Report

## We Are One Body Staff Retreat

St. Vincent de Paul Staff shook up their usual plans for back-to-school preparation and headed to Huntsville for their spiritual retreat to rest, reconnect, and reflect before the new school year began.

At the site of the Trappist Monastery that has since been removed, the staff received a tour of the grounds given by Michael O'Brian (Author of the book: *Monastery Mornings*) who spent much time with the monks as a young boy.

Our Lady of Confidence statue elegantly overlooks the cemetery of monks who had given their lives in service of prayer. Their prayerful spirit is still palpable in the green rolling hills and gentle serene breeze as the staff enjoyed quiet moments to pray, find fellowship, and reflect on St. Vincent's theme for the new school year: The Eucharist: We Are One Body.

They celebrated Mass at St. Florence Catholic Church with Fr. Sam Dinsdale, the new pastor at St. Vincent de Paul. Fr. Sam gave a reflection on the components of the Eucharistic Prayer and

together they adored the Blessed Sacrament and joined in song their anthem for the year: We Are One Body, One Body in Christ.

The echoes of this anthem shaped the entire day as team building activities shared creativity and laughter. Cohorts highlighted their accomplishments and celebrated one another's contributions. Each activity reenforced their dedication to the creed that they are all unique parts of Christ's body, serving one church.

The staff also received journals with a different personal saint to walk with for the year and another member of the staff to remember in their prayers. These thoughtful

details created prayerful intentions for the staff to enter into the new year with renewed hearts and minds.

"It's so important for us to come into the new school year with a renewed sense of purpose," says Gary Green, principal of St. Vincent de Paul, "God is so good to us. It was a great day to come together to prepare our hearts for the work ahead."

## Camino de San Vicente

On April 28, 8th graders and teachers led students in grades kindergarten–7th grade on the "Camino de San Vicente," or the Way of Saint Vincent. The school's Faith Formation Committee based this school family activity on the Camino de Santiago. The students were told that since we all cannot travel to Spain for the big Camino, we would do a shortened version on our campus. The goal of a pilgrimage is to become closer to God, and we can do that here.

The students began with this prayer: *Lord, as you rose at Easter, please help us rise with You—to be closer to You, to be more like You, and to see You in places we have not seen You before, in particular to see You in other people. Help us to grow closer to You as we walk our Camino today.*

Like the pilgrims on the Camino de Santiago who can receive a stamp at different stops along the way, each student was given a sticker chart. At each of the 12 stops around campus, the family leaders read a different passage such as this one that was read when students arrived at the campus pond: *The water in this pond gives life to the trees, bushes, and grass on our campus. Jesus gives us life, and gave us the promise of eternal life by rising on Easter morning. This Easter sticker reminds us of God's gift of life.*

Another stop on the Camino de San Vicente was Nano Nagle Children's Center, which used to be the convent for the Sisters of the Blessed Virgin Mary who worked at St. Vincent's for 30 years. At this stop, the leader read: *The sisters who lived at Nano Nagle for 30 years had great faith to move to another country to help children learn about God. They didn't know if St. Vincent School would do well or fail, but their faith in God helped them succeed.*

*We can do what the sisters did by following what this sticker says: "We walk by faith, not by sight."*

Eighth grade family leader, Lexie Fisher, said, "When we did the Camino here at St. Vincent's, it helped us to not only feel connected to Jesus, but also with the school. Unfortunately, we weren't able to walk the real walk but the way we went all around campus made it seem like we were going all around the world. It was a blast for the

younger kids as they got stickers at each destination and it was a good way for us big kids to really feel connected to God. We had so much fun taking turns reading about how each place we stopped connected to the walk. It was so interesting and fun."

The school hopes that our students will remember the Camino de San Vicente for the rest of their lives, and that it will serve as a recurrent reminder that God is always with them.

## Farewell to Mrs. Howa-Johnson

Monica Howa-Johnson, the 6th grade homeroom teacher, and middle school religion and social studies teacher, is leaving to be the campus minister at Judge Memorial Catholic High School. Monica taught 6th grade at St. Vincent for two years before taking a break to work at the diocese. After that, she returned to St. Vincent for 11 years. She is known for her expertise in technology, being a Google Level 2 certified teacher.

Monica is so skilled at technology that the diocese has asked her to lead technology seminars. Monica also is very well organized. Anyone who has ever substitute taught for her marvels at the clarity of her lessons.

However, her primary talent, that of bringing people closer to God, is ultimately what led to her take the new position. When Monica heard about the campus ministry position being open at Judge Memorial Catholic High School, she knew that this was what God was calling her to.

Monica said, "I will miss working alongside my St. Vincent's family - they are such a caring and wonderful community of support. At the same time, I am looking forward to the new challenges that the Judge Campus Ministry position will bring. It will truly utilize all of my strengths and the things I most enjoy doing, like retreat and liturgy planning."

Sarah Lambert, the vice principal and leader of the middle

school cohort said, "Monica was an invaluable resource for our middle school and technology programs at St. Vincent. She was deemed our "Google Goddess," and worked really hard to help our students become proficient in tech skills that will serve them the rest of their educational and professional lives. Her dedication to imparting the Catholic faith to an age group who continuously questions was also exceptional. She made our faith and its practices accessible to all of her students."

Zoe Becker, a student in 6th grade this past year wrote, "Mrs. Howa-Johnson was very kind, and was a great educator of the subjects she taught. I loved how she was very patient with the class and how she made every day things fun and interactive, like attendance, and jobs. She was very welcoming the day that I first started middle school, and she made me feel like part of the middle school community right away. I am sad to see her go, but can't wait to see her at Judge Memorial High School!"

"Monica is funny, completely at ease teaching people, and is an excellent musician," Principal Gary Green wrote. "She uses these talents to engage people about Catholicism. I know that the students at Judge will benefit greatly from her presence there. I am very sad to lose Monica, but I am happy for her and for Judge." 🙏

## Second Step Program

In the Spring of 2023, St. Vincent de Paul Parish School began investigating social emotional learning programs. The faculty and administration chose the Second Step program, and school-wide implementation will begin in the Fall of 2023.

Second Step is a social-emotional learning curriculum that St. Vincent de Paul Parish School is applying school-wide this year. Second Step is designed to help students build skills for success both in and out of the classroom.

St. Vincent School has been teaching and practicing social-emotional learning for many years, but by using the Second Step program specifically, we are able to have a uniform guide which everyone is able to access. This program allows our teachers, staff, students, and families to use the same language when talking about feelings and empathy. By using Second Step, our students can build their confidence and competence to make good decisions, manage emotions, and take on learning challenges.

The Second Step program promotes emotional well-being, academic success, and positive behavior. These skills can be used throughout the students' lives, inside and outside of the classroom. Second Step builds on itself and evolves as the students move from PreK all the way through 8th grade.

The four main units of study in the elementary school are Growth Mindset and Goal Setting; Emotion Management; Empathy and Kindness; and Problem-Solving. In the middle school, the four units of study are Mindsets and Goals; Recognizing Bullying and Harassment; Thoughts, Emotions, and Decisions; and Managing Relationships and Social Conflict.

At St. Vincent de Paul, we will be adding these Second Step lessons to our monthly virtue and Schoolwide Learning Expectations. By combining all of these

teachings, our students are able to grow not just spiritually, but also emotionally and socially. 🙏

# 12 Gifts We Give to and Receive From Our Catholic School

Each class at St. Vincent de Paul Parish School designed a colorful banner to illustrate gifts they give to and receive from their beloved school. These banners were displayed outside

the classrooms during Catholic Schools Week. The students processed into church led by the banners before Mass that week. Here is what the students had to say:

## *What Gifts I Give to My Catholic School*

*My personality is my gift. I'm really weird and make people laugh.*

—Sophie, 5th grade

*I give friendship by helping them up if they fall, if someone is laughing at them, I tell them to stop.*

—Kyle, 2nd grade

*I'm a good friend by playing with someone who doesn't have a friend to play with.*

—Lona, 2nd grade

*Happiness. When my friends are sad, I make them happier by telling jokes.*

—Campbell, 2nd grade

*Friendship. I'm a good friend by giving compliments.*

—Hannah, 2nd grade

*Joy. I love the church. I like singing. The church is really special. I really like the songs. We stand up and sing, and sometimes we sit down and sing.*

—Tommy, 1st grade

## *What Gifts I Receive from My Catholic School*

*I'm not a Catholic, but I feel really welcomed, and I know a lot about the Catholic faith.*

—Sophie, 5th grade

*Being able to go to Mass every Friday.*

—Sam, 5th grade

*Love. I get joy from my teachers. There's a lot of really nice people and teachers here. They always talk nicely and when you need help, they help us.*

—Ella, 1st grade

*They give me love & buddies. I learn about how Jesus died on the cross for us so we can live. So we can be more. Because Jesus loves us.*

—Cosette, 1st grade

*8th grade buddies. They help us so when we're at Mass we can pay attention. I can pray for my school.*

—Lyliana, 1st grade

*The teachers make me happy when they teach us about math. We celebrate feast days, saints, Jesus. Jesus died on the cross to save us.*

—Lilly, 1st grade

## Literacy Challenge

Each summer, the Student Support Team challenges the students of St. Vincent's to strengthen their minds, bodies and spirits with the annual All Star Literacy Challenge! All K-8 Vikings are encouraged to participate in this fun and engaging school tradition.

Students are provided with a variety of enjoyable and unique activities designed to maintain academic skills and enhance their spiritual lives throughout the summer months. Challenges include such opportunities as reading in fun and unusual locations, visiting local hidden gems, and honing writing skills with creative activities.

Upon successful completion of the challenges, the Admin Team invites students to the Back to School All Star Literacy Celebration, complete with All Star swag, ice cream, and the ever popular dunk tank! Each year, more and more students meet the challenge of becoming Literacy All Stars. We are proud of our hard working Vikings! 

## Advisory Curriculum Prepares Middle School Students for 21st Century

In the summer of 2022, St. Vincent de Paul's Middle School revamped their Advisory Curriculum. The new and improved objective of this program is to *prepare students with academic, social, and emotional skills so that they may engage the local and global community with 21st century skills*. The term "21st Century Skills" has become a popular topic in education over the last few years. These sessions are intended to help students develop skill sets that higher learning institutions and employers find desirable. Things like interpersonal skills, communication, and problem solving are included in a variety of workshops each Friday in Advisory.

Each quarter, members of our middle school team present sessions on goal setting, team building, communication

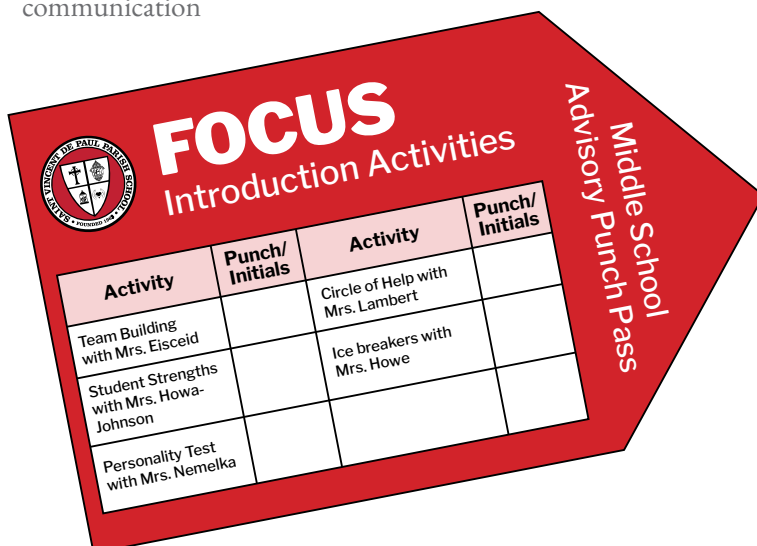

skills, and interpersonal skills. Students received punch cards and were given the choice to select which session to go to during a given set of weeks. The sessions helped students identify strengths and skills. The objective of which is to create a toolbox of 21st Century Skills on which they can build as they progress in our middle school, high school, college, and career.

Throughout the year, we focused on many 21st Century Skills. Sessions included presentations and activities on team building and relationships, personality traits, identifying people and resources in their personal Circle of Help, and identifying personal strengths.

Other topics included:

- Communication skills: written and verbal skills, body language, settling disagreements, making apologies, using tone and pragmatic language, and goal setting/reflection.
- Interpersonal skills: identifying social cues and perspectives, perspective taking, conflict resolution, being a good friend, problem sizing and problem solving, decision making, cooperative learning, self-awareness and accepting consequences.

Moving forward, the middle school staff will continue to focus on cultivating these skills, and help students to develop a portfolio that they can refer to and utilize as they continue forward in their educational and career pathways. 

## Saint Vincent Class of 2023

Graduates (in alphabetical order):

Mary Ault, Keurik Bare, William Burchett, Lola Busch,  
Jack Clark, Lavinia DeOllos, Bo Donelson, Talen Eischeid,  
Lexie Fisher, Daenyn Forward-Phinney, Abigail Frankel,  
Robin Galaviz, Noah Gordon, Gianna Gustafson,  
William Haney, Ainsley Headey, George Irvine,  
Kourtney Jones, Patrick Ledbetter, Olivia Lewis,  
Lillie Memmott, Miller Semerad, Samuel Vasquez,  
Caroline Woodberry

Gary Green, Principal; Sarah Lambert, Vice Principal;  
Kim Howe, 8th Grade Teacher;  
Kerry Hankins, Student Support Co-Director;  
Kara Haney, Student Support Co-Director; Fr. Sam Dinsdale

## Annual Appeal: Staff Stipend Fund

The average starting salary for a teacher in Granite School District (the district in which St. Vincent's resides) is \$20,000 more than the starting salary for teachers in the Utah Catholic Schools. This amount stays consistent for teachers with Master's Degrees and 10 years experience. Other surrounding school districts such as Canyons and Salt Lake City have even higher starting salaries. Obviously, this makes it very difficult to recruit and retain teachers.

The quality of our work environment and the tuition discount help, but people's bills have to be paid. And, when a teacher is deciding between staying in a Catholic school or better providing for their children, they sometimes leave our school.

We are asking for your help by giving to the Staff Stipend Fund. While we cannot deviate from the Utah Catholic Schools Salary Scale, we are able to give stipends when staff members perform tasks that are beyond their job description.

Your tax-deductible donation will allow us to increase the number of stipend opportunities, and hopefully help the school recruit and retain teachers. It is a strong staff that makes for a great school, so please give generously. 🙏

## Parent University

One of the continuing goals within the Middle School Community is to build up our parent community through a program called Parent University. It assists our parents in the transition of their child(ren) to adolescents and our middle school program. In these grades special opportunities and challenges arise as a child enters the middle school years. At this time, many of our families could use more support in the growth and development of their child(ren). Ironically, it is usually at this time that we see parents begin to "step away" from our community as they prepare for larger transitions to new communities like high school settings. To counteract this, and maintain our philosophy of parents as primary educators in their students' lives, we implemented this opportunity three years ago.

Events this year included a Chromebook/Google Apps for Education and Other Technology evening, a presentation on Post-COVID Kids for parents, and a viewing of *Chasing Childhood* followed by discussion.

Parents and guardians are asked to fill out an online survey to help direct the needs of our parents each year. We are looking forward to what this year will bring. 🙏

## Missoula Children's Theater

The production for this year's Missoula Children's Theatre was King Arthur's Quest. As with all MCT productions, King Arthur's Quest is a comedy musical geared for elementary/middle school-aged students. The two traveling directors from MCT begin rehearsals on Monday, and on Saturday, the cast is ready to perform.

King Arthur's Quest tells the story of King Arthur and his friends who search for a solution to Camelot's current problem: The ghost of Uther Pendragon, King Arthur's father, is haunting the castle. In the course of their search for a solution, they encounter a dragon, a petulant Mordred, a bumbling Merlin, and other funny adventures.

60 students were involved in this production. They were cast as the usual characters in a Camelot-based production like Morgan le Fey, Guinevere, Lancelot, knights, squires, and others. But King Arthur's Quest included some atypical characters too such as the "Damsels in Distress," miniature versions of the main characters, and a talking raven.

Caroline Woodbury, who played the title role of King Arthur, said of the production, "I thought that it was a very enjoyable experience. I got to know so many people better and it helped me grow my skills and confidence onstage. MCT is an amazing introduction to theater and I am grateful for the opportunity that I had to participate in the program."

We look forward to next year's Missoula Children's Theater production, Rapunzel! 🐉

## Welcome, Fr. Sam Dinsdale!

Fr. Sam Dinsdale was raised in Ogden, and attended St. Joseph Elementary and High Schools. He then attended Utah State University, and started out in the School of Natural Resources (Forestry), but finished with a dual major in Business and Liberal Arts. After finishing college, Fr. Sam went to the seminary at the St. Patrick School of Theology in Menlo Park, California (next to Stanford).

Fr. Sam Dinsdale's first day as pastor of St. Vincent de Paul Parish was August 1, 2022. This is the sixth parish he has been assigned to, and the fourth at which he has been pastor. Before being assigned to St. Vincent de Paul Parish, Fr. Sam was pastor at St. Patrick Parish in Salt Lake City, St. Marguerite Parish in Tooele, and Blessed Sacrament Parish in Sandy. He just celebrated his 20th ordination anniversary on May 29. Fr. Sam enjoys being in nature, cross country skiing, hiking, and jogging.

Fr. Sam comes to us with a lot of experience as a pastor of a church with a school; both St. Marguerite Parish and Blessed Sacrament Parish have schools. Gary Green, principal of St. Vincent School, said, "Clearly, this is not Fr. Sam's first rodeo when it comes to being a school administrator. Within two days of starting his assignment here, Fr. Sam had to deal with a difficult issue, and he handled it with wisdom. Fr. Sam supports us in any way we need, and he is enjoyable to work with. We are lucky to have Fr. Sam as our pastor!" 🙏

# Penny Wars and Generous Hearts

The newly elected student council at St. Vincent de Paul came ready for school with a heart on fire for helping others. President Jack Clark and Vice President Lexie Fisher talk about their heart for helping St. Vincent de Paul's sister school in Kitale, Kenya: St. Emmanuel.

"We have a very easy life here in America and they have a really rough life," Lexie admits.

For example, at St. Emmanuel's, boots are provided to the children who attend. When it rains, children attending prior to these gifts would have to walk in water and mud to school and back bare footed. Porridge is also given to the students as many children miss breakfast which forces them to look for food or go to school hungry. Providing porridge motivates them to attend school regularly and get the education they need.

"They don't have shoes and they have to walk a really long way to school. We're really lucky to have transportation. We feel it's the least we can do to

support them by raising money."

St. Vincent's raised \$141 at the end of last school year for St. Emmanuel's but when they didn't raise as much money as they were hoping to, it was decided that they do another fundraiser this year.

They chose to do a fundraiser called "Penny Wars" to engage the classes and encourage competitive giving to see who could outdo the other in generosity. Each class was given a bin outside their classrooms, and each class could put as many pennies as possible into their own bin. The catch was that they

could add paper money or bigger coins to another class's bin and it would subtract the points that class earned. This was great fun for the students who loved to play the game of winning for others!

Gary Green, principal of St. Vincent de Paul Parish School said, "What's most exciting to me was the students' motivation to raise as much money as they could for what they know is a worthy cause. I love when the students' actions and understanding match the charism of St. Vincent de Paul."

Overall, the students raised \$2,047 for St. Emmanuel's School in Kitale, Kenya. The proceeds will go towards purchasing school supplies and uniforms for the students. "We're very happy doing everything we can to help them," says Lexie, "They're a pretty awesome school." 

# Schoolwide Learning Expectations

*Students at Saint Vincent de Paul Parish School are:*

## *Active Christians who love God by:*

- Treating others and themselves as valued children of God
- Having a personal relationship with God
- Understanding and participating in the practices and traditions of the Catholic Church

## *Effective Communicators who:*

- Speak with confidence and poise
- Read and understand text skillfully
- Write with clear purpose and voice using proper conventions
- Listen and observe attentively

## *Conscientious Self-Evaluators who:*

- Practice self-awareness and self-management
- Set goals for academic and personal growth
- Use study and organizational skills effectively
- Review work for quality and correctness

# Saint Vincent Philosophy

The faculty and staff of St. Vincent de Paul Parish School:

- Believe that families are the primary educators of their children; we work in partnership with parents and guardians to foster their students' learning.
- Create an active faith life in each student by promoting Catholic values, teachings, practices, and prayer at school and at home.
- Teach students to be good stewards of our world in imitation of our patron, St. Vincent de Paul, by serving within faith, local, national, and international communities.
- Promote high academic achievement by challenging our students.
- Respect the diverse people and beliefs of our world.

We believe in educating the whole person. Intellectual, social, physical, emotional, and spiritual dimensions of the student are cultivated to help students realize their full potential. Teachers must not only instruct students, but also inspire them to reflect upon the Gospel message, most importantly that God loves us, and that we are called to love others and ourselves. Furthermore, in our commitment to provide a strong academic program, we instruct and assess based on sound principles of education. Our faculty is skilled at meeting the unique instructional needs of all students.

We value the contributions of alumnae, their families, parishioners, and others affiliated with St. Vincent de Paul Parish School. Those who are currently part of this community, or who have been a part of our past, are members always.

## Start an Endowment for St. Vincent de Paul Parish School

The Catholic Foundation of Utah endowments are essential to the sustainability of Catholic schools in Utah. Through the generosity of many benefactors who have contributed to these endowments, Saint Vincent School has been able to provide tuition assistance to eligible families. Last year we gave out

\$254,693 in tuition assistance. Please consider creating your own family-named endowment in honor or in memory of a loved one, or by donating to one of our existing endowments listed below. More information is available at [stvincents-school.org/endowments](http://stvincents-school.org/endowments). 

- St. Vincent de Paul Catholic School Endowment Fund
- Catherine Meyer Condas Scholarship Endowment Fund
- Natasha Michaelson Memorial Scholarship Endowment Fund
- Judi Stokes in Honor of Burnell & Phyllis Beebe Scholarship Endowment Fund
- Karen Sudar Giacomini Memorial Scholarship Endowment Fund
- Presentation Sisters and Monsignor Benvegnu Scholarship Endowment Fund
- McCarthy Family Foundation Fund
- Cathy Hagan Reed Endowment in Memory of Alice Cecelia O'Hara Fund
- James C and Alice Harte Endowment Fund
- Mark and Tina Longe Endowment in Honor of their Children: Ryan, Sarah, and Jeremy
- Arline Otto Endowment for Saint Vincent de Paul Catholic School
- Saint Vincent de Paul Catholic School Special Endowment Fund
